Allowable Subject Matter

3. The following is a statement of reasons for the indication of allowable subject matter: The primary reasons for the indication of the allowability of claims 1-6 are the inclusion therein, in combination as currently claimed, of the limitation of a droplet dividing rib that projects from the exterior surface of the bottom wall and positioned between the plurality of drainage holes adjacent one another, and the droplet dividing rib being formed so as to contact with a surface of a member disposed below the bottom wall and form spaces between the exterior surface of the bottom wall and a top surface of the member that are divided to prevent liquid from one space from coming into contact with another space.

The previously listed limitations are neither disclosed nor taught by the prior art of record, alone or in combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
